As we look back to our start here at BMS, I would have never imagined myself the way I am now. The Changes that took place over the last four years for all of us have been an important stepping stone venturing into the future. The Teachers, staff and all of you have truly made my experience here at BMS a positive one filled with education, friendship and growth. Even though our journey here at BMS is ending, I know for all of us it's just the beginning of great success and achievement for all. The road to success will have potholes and bumps but, it's up to you to fill the potholes with gold and smooth the bumps out with persistence. I wish you all the best of luck.
